Acknowledgement to reviewers

The editorial team of *Health SA Gesondheid* recognises the value and importance of the peer reviewer in the overall publication process – not only in shaping the individual manuscript, but also in shaping the credibility and reputation of our journal.

We are committed to the timely publication of all original, innovative contributions submitted for publication. As such, the identification and selection of reviewers who have expertise and interest in the topics appropriate to each manuscript are essential elements in ensuring a timely, productive peer review process.

We would like to take this opportunity to thank and recognise the following reviewers for their precious time and dedication, regardless of whether the papers they reviewed were finally published. We apologise for any names that have been inadvertently left out.
